## Statement of commitment to child safety

Bayside Special Developmental School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Our principal and the Assistant Principal are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct

[http://www.baysidesds.vic.edu.au/source/Code\\_of\\_conduct\\_2019\\_v2.pdf](http://www.baysidesds.vic.edu.au/source/Code_of_conduct_2019_v2.pdf) also includes processes to report inappropriate behaviour.

## Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

## Establishing a culturally safe environment

At Bayside Special Developmental School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- equip staff, students, volunteers and the school community to acknowledge and appreciate the strengths of Aboriginal culture and understand its importance to the wellbeing and safety of Aboriginal children and students
- adopt measures to ensure racism is identified, confronted and not tolerated

## Student empowerment

To support child safety and wellbeing at Bayside Special Developmental School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities. The school will:

- recognise the importance of friendships and encourage support from peers, to help students feel safe and be less isolated
- make sure staff and volunteers: are attuned to signs of harm

- facilitate child-friendly ways for students to express their views, participate in decision-making and raise their concerns to develop a culture that encourages participation and responds to what students say
- give students opportunities to participate, and respond to their contributions to strengthen confidence and engagement
- offer students access to sexuality programs and related information in an age-appropriate way.
- develop curriculum planning documents or other documentation that details how the school will address these requirements.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to School Wide Positive Behaviour Support (SWPBS) with the key expectations - we are safe, we are communicators and we are learners, Respectful Relationships and our school values of teamwork, respect, opportunity, compassion and community.

We instruct students of their rights through the SWPBS framework and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and/or act on concerns relating to themselves or their peers. We ensure our students know who to approach if they are worried or feeling unsafe and we encourage them to seek out/share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at [www.baysidesds.vic.edu.au](http://www.baysidesds.vic.edu.au) or by telephoning the Principal on 9555 4155.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

## Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Bayside Special Developmental School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.
